

NEW ELECTRICITY SUPPLY HOURS FOR THERMAL ACCUMULATORS

As part of the ongoing effort by the Electricity Authority of Cyprus to upgrade its services and serve its customers as efficiently as possible, the Distribution System Operator - DSO(EAC) has decided that the supply of electricity to thermal accumulators will be continuous between the hours of 18:00 - 7:00, for all load groups during the summer period 1 April 2024 - 15 November 2024, except for group I (A02-13, Pottery / Bakeries).

The new timetable will be implemented from 1st April 2024 – 15th November 2024.

Supply hours for load group I (A02-13, Pottery / Bakeries) will remain as applicable today, throughout the year.

The DSO (EAC) reserves the right to discontinue the supply in cases where this is required for the safe operation of the electrical system.

EAC customers can find out the exact delivery times for their load group, both from the EAC website <http://www.eac.com.cy> and from their local Customer Service Centers 1800
