Monthly Avoidance Cost of Thermal Production at High / Medium / Low Voltage

Reference period	Approved Basic Price of Avoidance Cost including avoidance cost of maintenance at High Voltage	Adjustment of Avoidance cost with the Weighted Average Fuel Price at the level of High Voltage	Total Avoidance Cost at the level of High Voltage (Approved Basic Price plus Adjustment of Avoidance cost)	Approved Basic Price of Avoidance Cost including avoidance cost of maintenance at Medium Voltage	Adjustment of Avoidance cost with the Weighted Average Fuel Price at the level of Medium Voltage	Total Avoidance Cost at the level of Medium Voltage (Approved Basic Price plus Adjustment of Avoidance cost)	Approved Basic Price of Avoidance Cost including avoidance cost of maintenance at Low Voltage	Adjustment of Avoidance cost with the Weighted Average Fuel Price at the level of Low Voltage	Total Avoidance Cost at the level of Low Voltage (Approved Basic Price plus Adjustment of Avoidance cost)
